Zoo Borns

GIRAFFE CALF
Giraffa

Baby giraffes, called calves, come into the world head and front legs first as the mother giraffe gives birth standing up. At birth, giraffe calves are about 6 ft. tall and weigh approximately 220 lbs. Calves grow approximately 1" per month so their height doubles in the first year of life! Giraffes are beloved zoo residents and giraffe births are celebrated in US zoos annually. While zoos primary mission is education, conservation and entertainment, the downside of captivity is the giraffes' confinement and ability to roam.

Barnyard Babies

HIGHLAND COW CALF
Bos taurus taurus

Highland Cattle are an ancient cattle breed native to the Scottish Highlands and whose signature long fur enables them to withstand the rough climate of the region. Highland Cow babies, called calves, are born with the ability to walk, stand and feed themselves soon after birth. Calves also recognize their mother at an early age and mother Highland Cows are very devoted to their calves nursing them for about 6 months.

Woodland Babies

NORTH AMERICAN RIVER OTTER PUP
Lontra canadensis

The semi-aquatic North American River Otter's babies, called pups, are birthed in litters of 1 to 6, in a den near water. They are born with fur, but are blind and helpless and require constant care by their mothers. Pups open their eyes at 1 month, begin to learn how to swim at about 8 weeks, are weaned at 3 months and eventually leave the den where they were raised at about a year old.

Book Reference

Based on a manuscript and sketches by the beloved Dr. Seuss and illustrated by Andrew Joyner, this book is like a visit to a museum - with a horse as your guide! Your tour guide will show you how different artists SEE horses and how those different visions create unique ART.

Mermicorno™

One special night, a group of Unicornos were flying in the direction of falling stars. The falling stars were disappearing into a sparkly sea, which transformed them into starfish while changing snowflakes into jellyfish. They rode the tail of a shooting star into the magical sea, turning them into enchanting creatures of half Unicorno and half fish. One day while following migrating dolphins, they discovered the surface of our world. Thus began the legend of the Mermicornos, rumored to only resurface during a lunar eclipse.

Hailing from Planet BT, Prince TATA dreams to spread love across the galaxy. Deciding that destiny is at hand, TATA summons guardian robot VAN to prepare for an interstellar journey to Earth.

Shortly after arrival, the Prince concludes that the most effective means to win over the hearts of earthlings is to become a super, no...something much more ambitious. A UNIVERSTAR.

Realizing that a collective effort is crucial, TATA & VAN scout for like-minded hopefuls to share in the dream. Soon they discover 6 - KOYA, RJ, SHOOKY, MANG, CHIMMY and COOKY - to become what will be known as the most influential pop-culture sensation the galaxy has ever witnessed. BT21.

Clifford The BIG RED DOG

SCHOLASTIC

MORE THAN 134 MILLION BOOKS IN PRINT!

CLIFFORD THE BIG RED DOG
NEW FRIENDS! NEW STORIES! MORE LOVE!

Join Emily Elizabeth and her big red dog, Clifford as they explore their island home and go on big new adventures! Through the power of play and imagination, Emily Elizabeth and Clifford share stories, meet new friends, and learn that the differences between us – even big, red differences – can often be the things that bring us closer together.

ECO COLLECTION

MADE FROM RECYCLED MATERIALS

At Aurora World, Inc., we're committed to sustainable practices and transparent sourcing. The sustainability certificate below certifies that our product lines Eco Nation, Eco Nation Mini and Eco Ebba are made from recycled materials, providing our valued customers with the peace of mind they deserve. The certificate is more than just a symbol; it is a testament to our unwavering dedication to environmental responsibility and the quality of our sustainable products. Shop with confidence, knowing that our commitment to the planet is as authentic as our exceptional product offerings.

Our eco collection line is contributing to a greener planet by helping reduce new plastic usage and using recycled materials only.

The Collection features:

- 100% recycled plush
- 100% recycled filling
- 100% recycled polyester sewn in labels
- Embroidered eyes
- No beans
- Recycled paper hang tag attached with a natural fiber string

TÜV Rheinland is one of the world's leading testing service providers with highly qualified experts and testing technical systems as per international standards. It was founded more than 150 years ago and has been a member of the United Nations Global Compact to promote sustainability and responsible business practices.
